

# IPL Rigi-pots

The **IPL Rigi-pots™** are the ideal early stage seedling tray for plants like roses, shrubs and fruit trees. Inner ribs on the cell walls minimize root spiraling while the tray bottoms allow for good drainage and air pruning of plant roots. The trays reusability and durability make it an economical choice for nurseries and forestry companies. The standard color is black.

*A minimum order of 2,500 trays is required if not in stock.*
