

Ropak Multi-Pots

Ropak® Multi-Pots™ are popular in the forestry, citrus and ornamental industries. They are also used for herbs, ground covers, vegetables and more.

- Solid, hardwall construction for easier mechanization.
- Proven design and manufactured from high density polyethylene plastic.
- Long lasting (more than ten year life expectancy).
- Vertical ribs inside the cavity prevent root spiraling.
- Ultraviolet stabilized.
- Resistant to rough handling.
- Easy stacking and nesting for storage.
- Easy cleaning.

Multi-Pots
